About
Pixako Technologies LLC

We are a trusted and certified partner with years of experience serving clients in the UAE. Our strong dedication to client development and innovation makes us successful. Alongside delivering top-notch contact center services, we help businesses build strong reputations and maximize revenue by using advanced technologies such as generative AI, automation, and other innovative digital techniques. We distinguish ourselves in a competitive market by combining premium customer engagement solutions with advanced analytical tools that constantly assess performance and refine strategies for continuous improvement.

Why Us

Pixako Technologies LLC is a top IT service provider and digital solutions provider. We help established organizations in improving their online presence and achieving their business goals. Our team of experts, who have been working with us together for years, creates custom, all-in-one solutions that are made to fit the specific demands of your business and audience.

- 24/7 Support
- Customized Expertise
- Affordable Pricing
- Secure Infrastructure
- User-Friendly Dashboards
- Innovative Technologies

Innovative **Leadership**

At Pixako, our innovative leadership guarantees that our clients receive innovative and reliable contact center services and software solutions customized to meet their business needs. We help them stay ahead in a continuously growing digital world by actively participating in the UAE IT Community. Why? To stay connected to the latest industry trends and regulatory changes, which helps us deliver forward-thinking and excellent services. Likewise, our leadership focuses on creativity, delivering projects on time, enhancing customer support, and scalable technology to drive business growth and operational efficiency for our clients.

Our **Mission**

Our mission is to deliver outstanding annual maintenance, security and surveillance, BPO, software development, SEO, and mobile app development services that solve real business challenges. By using advanced technology and the latest industry trends, we strive to build lasting trust, enhance efficiency, and drive continuous improvement for our clients. At Pixako Technologies LLC, we are dedicated to delivering real value to our clients through innovation, integrity, and customer-focused solutions. We develop technologies that solve real-world challenges and enable businesses to grow sustainably. As an MCC approved and Abu Dhabi Chamber of Commerce-registered company, we meet the highest standards of security and efficiency. Our team combines innovative technology with transparent communication to create growth-oriented, innovative, and affordable solutions that help businesses work smarter, achieve goals faster, and succeed in the digital age.

Our **Vision**

At Pixako Technologies LLC, our goal is to lead the UAE's digital revolution by providing creative, dependable, and customized IT solutions. We aim to help companies of all sizes to achieve sustainable growth, improve operational efficiency, and strengthen security through innovative technology and customer-focused services. We are dedicated to creating fresh, intelligent, and scalable digital solutions that support company expansion and success in a connected world as an innovative supplier of IT maintenance and security monitoring. Our company continuously adjusts to industry trends and values uniqueness, thinking beyond the box to build lasting partnerships that will drive business and create meaningful digital experiences in the modern world.

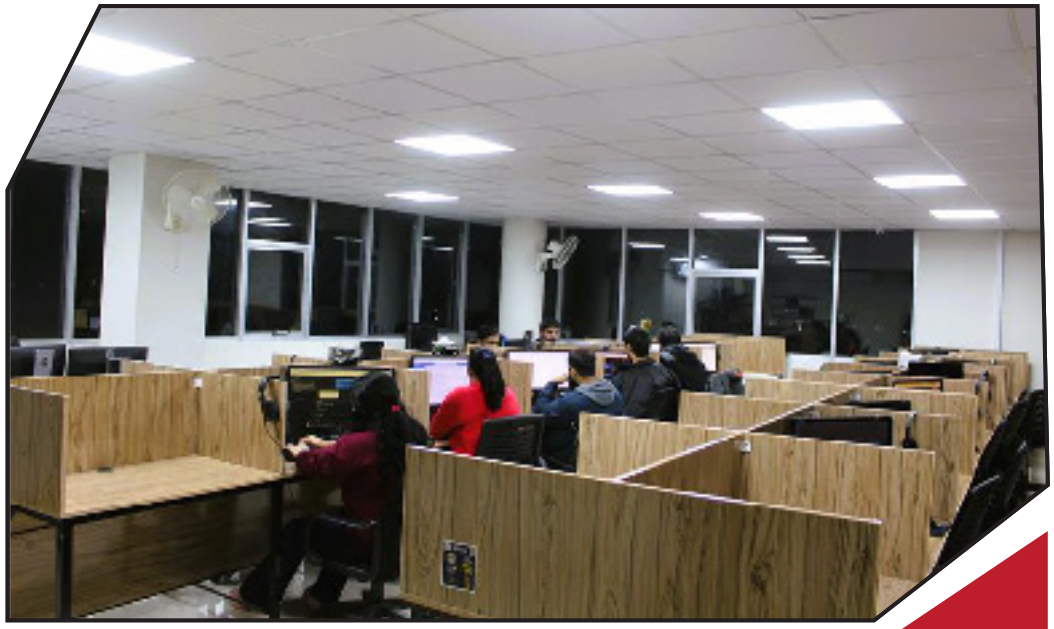
Our **People**

Pixako Technologies LLC owes its success to the talented people who work here. We believe that when our employees grow, the company succeeds. That's why we have built a happy, friendly, and supportive workplace where our teams feel valued, comfortable, and motivated to do their best in the UAE. Many of our employees have been with us for years because they enjoy their work and believe in our vision. We foster a culture of continuous learning and collaboration, where team members regularly share ideas, celebrate achievements, and plan for future growth during weekly meetings. To recognize and encourage excellence, we reward our employees with awards, certifications, and promotions to build motivation and long-term commitment. Every day, our people contribute fresh ideas and innovative solutions that strengthen our company and enable us to deliver outstanding value to our clients.



Our
Premium Clients

We are proud to serve our clients and help them reach their business goals by providing high-quality and affordable custom solutions. Our dedication to on-time delivery and clear communication allows our team to build strong, positive relationships. We are pleased to help our customers grow and achieve success.

Affiliations & **Registration**

Pixako Technologies LLC is proudly registered with the ADMCC and Abu Dhabi Chamber of Commerce & Industry. These affiliations reflect our commitment to quality, professionalism, and industry best practices. They also provide us with access to valuable resources, networks, and business opportunities that strengthen our position in the IT maintenance, security surveillance, and BPO sectors. By aligning with these leading organizations, we ensure our solutions remain reliable, innovative, and fully compliant with industry regulations, enhancing client confidence and delivering sustainable value.
